

A M E N D E D

POLICY NO. 39

BOARD OF COUNTY ROAD COMMISSIONERS

OF THE

COUNTY OF ST. CLAIR

SUBJECT: Ditching Along Primary Roads - Cost Sharing

AMENDED: January 2, 2002

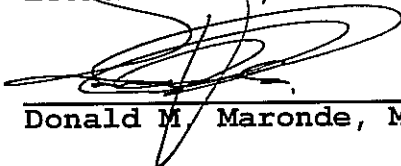

Effective with the adoption of this amendatory policy, the following policy will set forth project cost responsibilities and cost sharing:

When it is determined that ditching along primary roadways will be beneficial to maintaining or improving the integrity of the road and/or road right-of-way drainage systems, said ditching may be completed on a priority basis, subject to available funding.

When it is determined that existing ditching along primary roadways is sufficient to maintain the integrity of the road and/or road right-of-way drainage systems, fifty percent (50%) of the cost of proposed ditching must be forthcoming from a source other than road commission funds.

Leonard Hool, Chairman

Donald M. Maronde, Managing Director
