Shea Road and Starville Road Roundabout Construction starting June 1, 2026

Construction of a roundabout at Shea Road and Starville Road is scheduled to begin on **June 1, 2026**.

During construction, **the intersection will be closed completely to traffic**. This pattern will be maintained for the duration of the project. The posted detour for Shea Road will be Broadbridge Road, and Starville will be detoured to McKinley Road via Swartout and Broadbridge Roads.

Traffic will be maintained within the construction zone, including to homes and businesses. Local residents and emergency vehicles will have access to local properties throughout the entire project. Local residents are encouraged to plan for delays due to construction. We request your cooperation and patience.

Construction is scheduled to be completed by the end of June. All scheduling and project dates are subject to change depending on weather and the contractor's schedule.

This project is financed by the St. Clair County Road Commission, the State of Michigan, and the Federal Highway Administration at a total estimated cost for construction of \$446,000. The prime contractor is M.L. Chartier Excavating, Inc.

A temporary alternate detour route has been posted for the Shea and Starville roundabout due to utility damage resulting from a traffic accident. Motorist are advised to use Palms Road to Broadbridge while Mayer is temporarily closed.
