PRESS RELEASE

FOR IMMEDIATE RELEASE

DATE: 10/8/2026

FOR INFORMATION, CONTACT: MICHAEL CLARK 810-364-5720

Krafft Road at State Road Roundabout Construction And Krafft Road from State Road to Parker Road Resurfacing starting October 12, 2026

Construction along Krafft Road from west of State Road to Parker Road will include:

- a compact roundabout at Krafft Road and State Road that will require a **complete closure** of the intersection for a minimum of 30 days. No traffic will be allowed in this intersection during construction.
- pulverizing and repaving Krafft Road from east of State Road to Parker Road that will require one-lane traffic during the daytime. Traffic will be limited to residents and deliveries along this section of Krafft Road. Traffic needs to access Krafft Road from the east end (Parker Road) as State Road intersection will be closed.

Krafft Road and State Road closures are scheduled to begin on **October 12, 2026**.

The first phase of work is scheduled to begin on October 12, 2026. During the first phase, Krafft Road between State and Parker will be restricted to local traffic only. During this phase, the roadway will be completely closed at times for storm sewer and culvert replacements.

The second phase of work will begin about 2 weeks later with the full closure of the State Road intersection. This will facilitate storm sewer installation and roundabout construction.

The main posted detour route is North Road to Keewahdin Road to Pine Grove Road. This pattern will be maintained for the duration of the project.

Traffic will be maintained within the construction zone, including to homes and businesses. Local residents and emergency vehicles will have access to local properties throughout the entire project. Local residents are encouraged to plan for delays due to construction. We request your cooperation and patience.

Construction is scheduled to be completed by the end of November. All scheduling and project dates are subject to change depending on weather and the contractor's schedule

This project is financed by the St. Clair County Road Commission, the State of Michigan, and the Federal Highway Administration at a total estimated cost for construction of \$1,358,864. The prime contractor is M.L. Chartier Excavating, Inc.
